

EYES 2022

9th ESE Young Endocrinologists and Scientists annual meeting

2nd - 4th September
Zagreb, Croatia

Welcome to the 9th EYES meeting!

We are very pleased to announce that the 9th EYES meeting will be held in Zagreb, Croatia, September 2-4, 2022. Zagreb, the capital of Croatia, is becoming increasingly popular and attracts tourists from all over the world. ESE Young Endocrinologists and Scientists (EYES) is the young professionals branch of the European Society of Endocrinology (ESE), whose aim is to bring together all early career clinicians and researchers in the field of endocrinology. The EYES meeting offers many opportunities to present your work and exchange ideas with colleagues from all over Europe and beyond. We invite you to come to Zagreb, explore our city, educate each other, share experiences and enjoy our social events. I am sure that the upcoming EYES will be exciting for all participants.

Karin Zibar Tomšić
